

ASCENT FINE CABINETRY

VANITY COLLECTION

INTRODUCING

Ascent Fine Cabinetry's vanity collection was created to help designers, builders, and client direct customers source quality vanities with moderate turnaround time and streamlined shipping.

Our vanity collection combines quality with function. This series was designed for maximum storage space and smooth operation with Blum™ soft close hardware. Wall fillers and/or flush end panels can be ordered interchangeably upon request in lieu of tapered legs.

Our vanities are offered in six paint colors as well as white oak clear coat and two white oak stain options. Vanities can be ordered with custom stain or paint for an additional charge. Seven size options allow customers to find the perfect vanity size to fit each bathroom space.

Color Swatches
